# Aim for a Victory

After six years of yearbook on cd, the yearbook staff decided to change to book form this year. They were able to find a publisher that could publish a small number of yearbooks at a minimal cost. We hope you will enjoy it.

The Panthers ended in fourth place at regionals which sealed their trip to state.

#### State Basketball

The team started out the State tournament with Kaycee in the first round. Despite trailing by double digits most of the game, including being down 14 at one point in the 4th quarter, Cokeville wouldn't quit and mounted a ferocious comeback, tieing the game with 11.8 seconds left. A Kaycee free throw would prove to be the difference, and the Panthers lost a heartbreaker, 65-64. They would play Geurnsey the next day, and as luck would have it, lost another tight game, ending the team's tournament time. However, the season was filled with many memorable moments, good times, and fun basketball.

#### Li'l Abner

In this years musical, Lil' Abner, a good time was had by all. Trevor Thompson starred as Abner, with Shanna Henderson as Daisy Mae. The performances as well as the practices were dominated by laughter and fun. The chest hair of Earthquake, played by Cole Warner, was out of control and nearly the highlight of the play, but could not pass up the affectionate, passionate kiss at the end by the lead characters.

#### Yearbook Staff

This is SheAnna's first year with the yearbook. She's very quiet but she is also the only girl in the class that does any work.

This was Cole's first year doing yearbook. He said he did a lot of work--if you call texting and watching music videos work. (We have photographic evidence.)

This is Cameron's third year. He loves making high quality highlight videos with as many effects as he can. He is also known to bust a sweet move anytime one of his favorite songs comes on during class.

This is Talisha's second year of yearbook. She is the "sluffer" in the class. She is always working on the school paper during our class, and everyone wonders if she's even in yearbook. She likes: the school newspaper, not working on the yearbook, and Montana.

This is Chase's second year in yearbook. He is usually the life of the party. He's always pestering someone, hiding somewhere, or taking embarassing pictures of people. If you can't hear him--something is wrong.

What a staff!! A staff of hard workers, some worked hard and others hardly worked. But the yearbook was done on time. That alone was a miracle. The class became a place where the students liked to hang out and just talked. Thanks for the work that you all did.-----Mr. Thompson, yearbook advisor.

PS Thanks Sullivan for the write ups.

This is Sullivan's first year with the yearbook. He uses his time very wisely and is the real brains behind the operation. He enjoys long moonlit walks with his cats. Sullivan also enjoys running errands for his mom and helping anyone in need.

This is Michelle's first year in yearbook. She says she did work, but we all know she was just sitting in the wheely chairs looking at "pictures" on the computer. She likes twinkies, donuts, and anything sweet. She also says she'll take Camille on for the editors position any day.

This is Camille's second year. She is the editor and thinks she owns the world. But really, we could do it without her. Oh, and she says, "Bring it on Michelle."

Casey came into the class halfway through the year. He got all of the easy pages, and walked around like he was in charge. He enjoys watching people get hurt and bossing people around.

Brandon also came into the class halfway through the year. He was in Orem for the first half of the year and when he came back, he teamed up with Cole and helped him get nothing done. Plus, who do you think Cole was texting the whole time...(?)

This was Kebra's first year and like most of the girls, she spent more time reading her love books than she did working on the yearbook. She also frequently joined Michelle in looking at the "pictures" on the computer.

## Student Council

This year the Student Council did a lot of fun things. The officers were voted in by classmates and others elected by teachers and coaches. They held many activities this year. Some to help people in need and others just for fun. During Christmas they had each class host a fundraiser to raise money that they donated to help people in the community have a better Christmas. Other Activities that they held ranged from "Panther Clause" giving presents at the Christmas Dance to the All-Nighter Lock-In at the school. They also take charge of Class Fundraisers, Flag Duty, and Activities. But I bet they don't mind getting out of class once a month go take care of their duty.
