SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
			1  One great difficulty today is that our knowledge has increased much more than our wisdom.	2	3  Love is proud of itself, it leaks out of us even with the tightest security.	4
5  Loose yourself in nature and find peace.	6  In marriage, being the right person is as important as finding the right person.	7  The smallest good deed is better than the grandest good intention.	8	9  The perfect journey is circular, the joy of departure and the joy of return.	10	11  You can't change the past, but, you can ruin a perfectly good present worrying about the future.
12	13  1868 - The "Frontier Index" newspaper of Bear River city, Wyoming, began publication.	14	15  Life is what happens to you while you're planning other things.	16  If you want children to keep their feet on the ground, put some responsibility on their shoulders.	17	18
19  1879 - LaBelle Sibbett was born first Winter in Stump Creek.	20	21  If a man says he sees eye to eye with his wife, he simply means his vision has been corrected.	22	23	24  A degree ought to be required of all automobile drivers - a degree of caution.	25
26  Sometimes the poorest man leaves his children the richest inheritance.	27	28  1879 - Theodore Simmons was born in Star Valley.	29  1890 - cokeville - Star Valley road was declared a county road.	30  The main reason we never enjoy small talk is that is invariably comes in small doses.	31
